

Application for Driving Permission

Dear Sir

I wish to apply for permission for my son/daughter

Year to drive a vehicle to and from school.

The vehicle to be driven is:

(make/model)

colour

Registration Number

Student's mobile number

I realise that this is a privilege restricted to students in Years 11 and 12, which encompasses certain legal and moral responsibilities and that certain conditions will apply.

Specifically, I agree with the following conditions:

- He/She is permitted on a regular basis to transport the following students (e.g. brother, sister) in the vehicle, provided signature is required by the passenger's parents:

Brothers

Sisters

Passenger 1 (student name)

(Passenger 1 signature from parent/guardian) I give my son/daughter permission to drive with this applicant to and from school

Passenger 2 (student name)

(Passenger 2 signature from parent/guardian) I give my son/daughter permission to drive with this applicant to and from school

- Permission is granted for one passenger **ONLY**, unless you have more than one sibling.
- He/She is not permitted to transport any other student in the vehicle unless written permission is given by both myself/ourselves and the passenger's parents. This permission will be lodged with the Assistant Principal. This is to ensure the personal safety of the driver and passenger(s) and the mature use of the vehicle. Further, this procedure has been recommended for insurance purposes
- He/She understands and accepts that it is a school driving policy that students do not overtake another vehicle on the road from Lismore, or Bexhill, to the College as we feel that the road is not suitable for overtaking for safety reasons. This non-overtaking policy was instituted with the safety of our students as a primary concern, due to the potential danger associated with our school being situated on a derestricted rural road.
- He/She is not to use the vehicle during the school day for trips into town. Permission is only given for the trip to and from home and other specific cases, which will be determined by the Assistant Principal or the student's Year Coordinator.

I realise that failure to comply with these conditions may see his/her privilege of driving a vehicle to and from school withdrawn and I promise to support the school's policy in this regard.

Yours faithfully
